Imperial Parliament.

THE PROROGATION.—THE QUEEN'S SPEECH.

LONDON, Aug. 5.—Parliament was prorogued yesterday.

The Queen's Speech, which was read by the Royal Commission, is as follows:—

My Lords and Gentlemen: I am now released from the necessity of calling upon you for the further prosecution of your arduous occupations. In bidding you farewell, for a recess, I make it my first duty to thank you for the loyal promptitude with which you have made further provision for my son, the Duke of Edinburgh, on the occasion of his approaching marriage. This marriage will, I trust, form a new tie of amity between the two Empires.

The best relations continue to subsist between myself and foreign powers. I am able to announce the successful termination of the mission to Zanzibar. Treaties have been concluded with the Sultan of Muscat, and other native powers, which will provide means for the more effectual repression of the slave trade on the east coast of Africa.

I have been enabled to bring to a satisfactory issue commercial negotiations with France, in which my Government has been engaged, under the provisions of an instrument signed on the 23rd of July, and awaiting ratification. The treaties of 1869 were again put in force with a comprehensive engagement contracted between the two countries for mutual treatment, on a footing of the most favorable nature, and the deferential tax on shipping under the British flag is removed. There are separate provisions in the treaty for an adjustment of the question of duties on mineral oils, and for the general relief and extension of trade.

I have likewise concluded treaties of extradition between Italy, Denmark, Sweden and Brazil. The ratification of the treaties with the two last named powers has not yet been exchanged, but I anticipate no difficulty in this final step.

I am engaged in negotiating for agreements of a similar character with the other States, both in Europe and beyond.

I am still occupied in giving effect to those provisions in the Treaty of Washington which relate to British claims against the United States, and to the interests of my possessions in North America.

Gentlemen of the House of Commons: I am deeply sensible of the liberality with which you have provided for various charges of the State, and likewise enabled me promptly to meet the obligations imposed upon me by the award of the arbitrators at Geneva during the past year.

My Lords and Gentlemen: I have observed with satisfaction the progress you have been enabled to make in the remission of public burdens by reducing both the sugar duties and income tax to points lower than any at which they previously stood.

The establishment of a Supreme Court of Judicature, by which the records of your proceedings have been distinguished, will be found, as I hope, to confer corresponding benefits on the country in a more cheap, certain, expeditious, and effectual administration of justice.

The Acts for an amendment of the Education Act of 1870, and of the Endowed Schools Act of 1869, will, as I trust, tend to accelerate the attainment of solid national advantages through the extension of education in the middle and most numerous classes of the community.

The Act relating to the regulation of railways and canals, promises to conduce to a more harmonious working of the railway system of the country.

I have with pleasure assented to the Act relating to the merchant shipping, from which, and from the labors of the commission recently appointed, I hope for a diminution of the wrecks to which the seafaring population are exposed.

The revenue has up to this time fully answered expectations, and although activity in trade in some of its branches may have been somewhat restrained by a variety of causes, the general condition of the people continues to exhibit evidences of improvement. These, and all mercies of a Divine Providence, will, I trust, find a suitable acknowledgment alike in our works and hearts.

Canadian Mail.

THE REPORTED ATTEMPT AT SUICIDE BY THE PREMIER.—THE RAILWAY SCANDAL QUESTION.

Colonel Peters, of the Canadian Wimbledon team, has presented Earl Dacie with a fine sporting trophy in the shape of a moose head and two heads of the Cariboo deer, handsomely mounted. The gift was on the part of the Dominion of Canada Rifle Association, as an acknowledgment of his lordship's kindness to the Canadian Riflemen who competed at Wimbledon in 1872.

The Ottawa *Times* of the 3rd says: "It may not be out of place to add a word or two in respect to the Commission itself. The statement which we were yesterday authorized to make, was that His Excellency had ordered the issue of a Royal Commission in the Huntington charges; and we further stated that it was understood that the warrant was addressed to some of the leading Judges of the land. We are not as yet in a position to give the precise nature of the Commission, or to mention the names of the Judges who have been appointed, but we may say this much, that the Royal Commission will be in every respect satisfactory to the public; and that the gentlemen who have been selected are men whose positions and character are such, that whatever their judgment may be, it will meet with the approval of the community at large."

The following is from the Toronto *Leader* of the 6th inst.:—"That Sir John A. Macdonald should be dead, dying, drowned or otherwise got rid of, would be one of the most cheering items of intelligence which could possibly be communicated to a Grit public. The Montreal correspondent of the *Globe*, in order to gratify the malice of the paper to which he contributes, from grounds the most slender, takes occasion to hint that Sir John A. Macdonald attempted to commit suicide. It is as if we, from the fact that George Brown has gone to Europe, were to say that he had run away from his creditors. The editor of the *Globe* knew well, when that item from Montreal passed through his hands, that there was not a word of truth in it, and, in allowing it to be published, was betraying the malignity of private pique, which has made the *Globe* newspaper the medium of its gratification times without number. Sir John is alive, and likely in all human probability to live down all the dastardly slanders which have been circulated to his detriment. When the *Globe* took to calculating the chances of Sir John's longevity some short time ago, it was an acknowledgement of impotency on the part of the Grits, so far as the acquisition of power was concerned, until Sir John was out of the way. He has been the *bete noir* of the *Globe* and its friends for long, and will continue to be so, let us hope, for very many years to come. He is the man who has been most prominently identified with the Young Dominion at its birth; let us hope that he shall be endowed with strength of body and of mind to influence its destinies until it has arrived at a vigorous youth."

BIRTH.

On the 16th Inst., at the Four-mile House, Esquimalt District, the wife of Joseph H. Morens, of a daughter.

Madame Anna Bishop's Farewell Concert.

It must indeed have been a matter of no ordinary pleasure to Madame Anna Bishop, last night to witness the presence of so large a congregation of her admirers, and it could not at the same time have failed to cause her deep regret that the occasion of the assemblage was her farewell concert in the city of Victoria. Numerous though have been her victories in musical circles, and frequent as have been her triumphs before most illustrious audiences, the parting from a community which has shown every possible trait of appreciation, cannot but be painful to the one who has been chiefly instrumental in causing the feelings and expressions of pleasure and admiration. To say that Victoria will miss very greatly the entertainments given by Madame Anna Bishop and her *aides*, and for a time at least, feel that a something is lacking to complete the routine of the day, is but a very dim reflection of the regret which will naturally possess those who during the past week have been attracted by the magnetic influence of the great Prima Donna. This morning it is the intonation of the vocalists to leave for New Westminster, and we have no doubt that the people of the "Royal City" will accord them a reception worthy their talent. Should such be the case, the audience before whom they will appear to-night, will certainly be as large as any ever assembled in that place.

The programme for last night's entertainment was as *recherche* as any yet placed before the public in this city, and the very excellence of each of the *artistes* makes it exceedingly difficult to know where to place the palm of merit. What with the Prima Donna's superb singing, the simply wonderful execution of Mr. Gilder, the pianist, and the combined efforts of Messrs. Wilkie and Gottschalk in their tenor and baritone parts respectively, the choice of the evening is by no means easily to be arrived at. Madame Bishop was very much admired in the beautiful recitative and air, "With verdure clad," and again in the old English ballad, "The last Rose of Summer," she was not to be surpassed; also, with Mr. Gottschalk, in the duet "Quanto' Amore," she created immense admiration, and in one of S. Massett's songs, "Open the door," met with unbounded applause. The Prima Donna's great success of the evening, however, was undoubtedly her accurate conception of the part of "Amina," in a scene from the final act of "La Sonnambula," the feeling manner in which she rendered the plaintive aria, "Yes, for the time's" creating a constrained sensation among the audience, which as the last strains of the joyful rondo fell upon their ears at the close of the scene, broke forth in the shape of a perfect storm of applause. Apart from Mr. Gilder's magnificent execution so much admired, Mr. Wilkie was very emphatically received in a cavatina, "Tell me, Mary, how to woo thee," and in a serenade, "The Star of Love." Nor was Mr. Gottschalk any less applauded in his perfect singing of "Largo al Factotum," "Infelice," "Simon, the Cellarer," and "The days when you'll forget me," and in a duet from "Belisario" these favorite tenor and baritone vocalists met with very decided marks of approval.

The concert was decidedly, *in toto*, the best of the series, and Victoria congratulates herself upon the opportunity she has had of hearing that with which the city is not often favored—really good music, both vocal and instrumental, and trusts that the time is not far distant when a similar treat may be afforded her. Wherever Madame Anna Bishop and her troupe may travel they will surely make a host of admirers and friends, and in this little community they have many who much regret to say farewell!

LAID UP.—At present the Oregon Steamship Company have no direct steamer on the line between Portland and Victoria. The decrease in freight and travel, caused by the diversion of the same via the Northern Pacific Railroad, has rendered it necessary to draw off one steamer. The California, which has been on the Sitka-Portland route since the loss of the steamer George S. Wright, has been hauled off for the present. The Gussie Telfair, having undergone thorough repairing at Victoria, has been placed on the northern route. She will run directly between Portland and Sitka, touching at intermediate ports coming and going. Yesterday morning the California was towed down to the lower saw mill, where she will remain for the present.—*Oregonian, 14th inst.*

HOLLOWAY'S PILLS.—There is nothing in the "Materia Medica" like these medicaments for the certainty of their action in lumbago, sciatica, tic doloreux, and all flying or settled pains in the nerves and muscles. Diseases of this nature originate in bad blood and deprive humours, and until these are corrected there can be no permanent cure. The ordinary remedies may afford temporary relief, but in the end always disappoint the sufferer. Holloway's Ointment penetrates the human system as salt penetrates meat, and the Pills greatly assist and accelerate its operation by clearing away all obstruction, and giving tone to the system generally. The prophylactic virtues of Holloway's remedies stand unrivalled.

FROM THE SOUND.—The steamer North Pacific arrived here at 1 p.m. yesterday with a large number of live stock, including 19 fine horses for Messrs. Stafford & Hutchinson, 4 for Mr. J. Parker, 12 head of cattle and 51 sheep for same. Also the mails and the following passengers:—Mr. Francis, Portland branch Bank B. C.; Judge Dennison and Mrs. Dennison, ex-Mayor Harris, John Parker, two Sisters of Charity, Rhodes, Black, Findlay, McClander, Wygant, Wallenstein, Work, Sanford, McKinley, Brown, Warworton, Smith, Darbbol, Fox, Black, Savage, Meterston, Attridge, Capt. Williamson, Master Williamson, Breslier, Groner, Small, Clark, Milby, 12 Indians and 7 Chinamen. The steamer will return to-day at 11 a.m.

AGRICULTURAL SOCIETY.—A meeting of members was held on Saturday last, when it was finally resolved to incorporate under the Agricultural Society Act, passed during the last session of the local Parliament. A number of collectors, shortly to be announced, were appointed to make collections for purposes of the forthcoming Exhibition. An application was made yesterday to the Provincial Government for a portion of the vote for Agricultural Societies. A cheque for $200, the amount claimed, was handed the Secretary. This will make a handsome addition to the amount already in hand, and to be collected this year.

FOR THE NORTH.—The lighthouse tender Shubrick sailed from Astoria on Monday evening, bound for the north. Before her return to San Francisco, the Shubrick, will touch at all the lighthouses and signal stations on the northwest coast, to deliver the annual supplies.

The Latest Discovery of Iron Ore.

The discovery of rich iron ore to which we made allusion in Saturday's paper, was made in Texada Island, Gulf of Georgia, and opposite to the Comox district. A company was formed among half a dozen gentlemen on board of the Douglas last trip, to pre-empt and record the lode, and we understand the steamer will visit the island during her trip the present week, to take away Messrs. Bulkley and Dupont, two members of the company who remained there. We hear that a second company had already taken up a claim in the same spot, and that a third party will put in their stakes on this present visit of the steamer. The ore, samples of which were fetched down in the Douglas on Friday last for assay, are pronounced by Mr. Richardson, the geological surveyor, to be equal to 80 or 90 per cent. of iron, and the quantity that can be procured is almost illimitable, fifty to a hundred millions of tons being exposed to view. The discovery in the first place was made by a man fishing for dogfish for the oil, but although the first to see and report the great wealth, has no place in the company who claim it, and have, we believe, recorded it under the Act. This iron ore of course possesses its value, chiefly in view of the construction of the Canadian Pacific Railway and the manufacture in the Province of the rails for the same. Texada, which is a large island, is only a short distance from the great coal fields of the Comox and Nanaimo districts, and the coal for the reduction and smelting of the iron stone can therefore be had at a most convenient distance from the iron ore itself. This too enhances the value of the discovery.

Police Court.

[Before A. C. Elliott, Esq.]

MONDAY, August 18, 1873.

Tom, a Hydah Indian, for disturbing the peace, was convicted and ordered to contribute $10, or go to the lock-up for fourteen days.

Johnny Pipes, a Fort Rupert Indian, was convicted with assaulting with a knife one Charley Pusey, for which he was sentenced to a week's hard labor, or pay a fine of $5.

James Crossen was summoned by George Pester and charged with maliciously killing a dog belonging to complainant. The defence was that the dog killed a number of chickens and ducks (whether maliciously or not does not appear), the property of defendant. A number of witnesses were examined for the owner of the dog. Mr. Courtney appeared for the barnyard pets, and Mr. Bishop for the canine pet. Judgment was deferred until this morning.

THE TICHBORNE CASE—REPORTED NEW EVIDENCE.—The New York *Tribune* of the 8th instant publishes the following: "Mr. Whalley, member of Parliament, who arrived here to obtain testimony favorable to the claimant to the Tichborne estate, told a *Tribune* reporter last night that a man appeared in England about three weeks ago, who pretended to have been a steward on board the Osprey, which picked up the boat from the wreck of the Bella, containing the claimant, or "Sir Roger," as Whalley terms him. The man gave evidence of speaking the truth, and corroborated important testimony already given in the trial. He thought it advisable to come over and see if he could find corroborative proofs. He has prosecuted his inquiries to some extent already, with very fair success."

CHEAP BEEF.—The first instalment of beef and mutton, for the new shop, corner of Fort and Government streets, arrived yesterday from the Sound. When the trail from Burrard Inlet (which is sought to be constructed) or Howe Sound to the interior of the mainland, shall have been opened, our own farmers and graziers will be able fully to supply the markets of the Island, and our own towns and settlements, with the finest class of live stock, and we hope to see the preference given them. Our butchers should distribute their orders among the people of the Province, and support home industry. This is the motto which all should adopt.

LECTURES.—The Hon. W. O. Clark, of California, we understand will deliver a course of lectures of his travels round the world, in this city, in the course of a few days. His subject will be illustrated by maps and diagrams, which will be of great interest to his hearers. He has visited Pompeii, the Pyramids, the Nile, the Red Sea, Suez Canal, Jerusalem, and other points of interest in Palestine; also the East Indies, China and Japan.

AUCTION.—To-day will be offered a large lot of merchandise, comprising clothing of all descriptions, underclothing, overalls, furnishing goods, blankets, dry goods, French hats, boots, shoes, etc. Also there will be a peremptory sale of 340 cases of Allsop's pale ale in quarts, in bond, J. P. Davies & Co., auctioneers; catalogues will be ready this morning.

TO BE SUED.—Mr. McMullen, of railway scandal notoriety, proposes to sue the Toronto *Mail* for libel to the tune of $50,000. Doesn't he wish he may get it. As though, writes the *Mail*, a word of ours could paint him in more loathsome colors than those in which his own confessed and boasted infractions of "the whole duty of Man" place him before our Canadian readers.

ENGLISH TURF.—The race for the Brighton Cup, on the 6th inst., was won by Ublan, Flageolet second, Mornington third. Five horses ran. The betting at the start was seven to four against Ublan, seven to one against Flageolet, and eight to one against Mornington.

SMALL POX IN PORTLAND.—From private advices received in this city, we learn that the small pox is very prevalent in Portland. In fact, it is stated that eighty persons are known to be afflicted with that loathsome disease. The papers of that city are charged with suppressing the publication of the fact.

THE INSANE ASYLUM.—The superintendent calls for tenders for the supply of provisions, groceries, butcher's meats, vegetables, &c. Samples will be received up to the 28th inst. Mr. W. J. Jeffree was awarded last week the contract for men's and women's clothing.

MR. BUTTLE, of the Anna Bishop Opera Troupe, leaves this morning for the Sound and for Portland, in connection with the business of this talented company. We bespeak him a welcome, and a prosperous career, where'er fortune may guide him.

BLOODED STOCK.—Ex-Mayor Harris arrived yesterday from Washington Territory and Oregon, after an absence of several weeks, with a band of very fine horses, consigned to Stafford & Co. of this city.

SAANICH.—The usual religious services will be held on Sunday next, at the residence of Mr. Anderson, at 11 p. m., and at South Saanich Church at 1:30 a. m.

THE ROYAL MARRIAGE.—The marriage of the Duke of Edinburgh and the Princess Marie Alexandrova of Russia, will take place in January next.

PAPERS.—Hibben & Co. yesterday received late papers per steamer North Pacific.

LAST NIGHT'S DESPATCHES.

RAILWAY ACCIDENT.

EASTERN STATES.

CHICAGO, August 18.—An accident occurred at 10:30 last night, 25 miles southwest of Chicago, on the Chicago and Alton Railroad. A freight train almost entirely demolished a south bound passenger train, killing nine persons and fearfully wounding over thirty, many fatally. The cars caught fire and badly burned some of the injured, while others were scalded with hot water.

NEW YORK, August 15.—Gen. Rosser, in charge of the railroad survey of the Stanley Yellowstone expedition, finds a new and final route across Western Dakota from the Missouri to the Yellowstone river, entirely practicable and satisfactory.

The Central Pacific Railroad Co.'s annual report, just issued, figures the apparent profit at $7,433,960. The statement, however, leaves out of view $7,000,000 due the Government for interest, its total statement of indebtedness, inclusive of $54,250,000 capital stock, is $89,796,681.

WASHINGTON, August 15.—Treasurer Spinner, in a letter published to-day, says the resumption of specie payments has been, and he thinks will be put off till the balance of trade shall be in our favor.

LONG BRANCH, August 16.—The ball for the benefit of the Portland, Oregon, sufferers by the late fire, took place to-night.

CANADA.

SEAFORTH, Ont., August 17.—A man named Scott, a school teacher, arrived from Detroit on Friday and went to his father's house, five miles from here, where he met his wife and child. They started on Saturday morning for Mrs. Scott's father's place. This morning a man passing the woods near by heard a child cry. On searching he found the father and mother quite dead, with their throats cut. It is supposed Scott cut his wife's throat and then his own. No motive can be assigned for committing the horrible deed.

HALIFAX, August 16.—The wreck of the steamer City of Washington, as stranded, was sold to-day for $4,200.

A large fire is raging in the woods at Aylesford, King's County, and an immense tract of valuable timber land is burned over. It is reported that several farm houses are also burned. Loss very great.

EUROPE.

LONDON, August 17.—Many of the coal pits in Leicestershire have been closed. Several thousand miners struck in consequence of dissatisfaction with the weighing system.

Gladstone has been legally advised that his re-election to Parliament is not required by his assumption of the Chancellorship of the Exchequer.

NEW YORK, August 15.—A London letter says that Mr. Motley's friends have for some time known that his health was delicate. He has had a slight paralytic stroke; which occurred as he was taking Lady Margaret Beaumont down to dinner. His right arm suddenly fell powerless by his side, and the side itself was also somewhat affected. He was carried to his hotel, Dover street, and has not since left the room.

MADRID, August 15.—The Cortes has approved of the bill calling for 50,000 reserves.

It is reported the crew of the Deerhound, seized by the Spanish man-of-war for landing arms for the Carlists, will be tried on a charge of piracy.

BAYONNE, August 15.—Eight hundred Galician Socialists are marching on Portugal, where they hope to find sympathy.

Dispatches from various places in Germany state that the cholera is increasing in violence.

LISBON, August 15.—Intelligence has reached here that Paraguay, Brazil and the Argentine Republic have signed a treaty of peace.

BAYONNE, August 16.—The *Courier* of to-day anticipates that the capture of the steam yacht Deerhound by a Spanish man-of-war will involve the Governments of England, France and Spain in a diplomatic correspondence, because the vessel which captured the Deerhound assumed the British colors, and the capture was effected in French waters.

EUROPE.

MADRID, August 15.—One thousand insurgent refugees from Valencia landed on the coast of Alicante, levying contributions on rich towns.

Five British, one American, and three Italian war vessels are lying in Escomberara bay.

On Thursday three insurgent vessels arrived outside, when fort Galenz fired on them. A few shots were exchanged without apparent effect.

Carthagena is preparing for a long struggle. Almost all above sixteen years of age are called out. The streets are almost deserted, and shops closed. The insurgents are issuing paper money.

It is believed that the iron-clads Alammanza and Vittoria will be held by the Germans, until an organised government exists, to which they can be returned.

LONDON, Aug. 15.—The New York *Herald's* correspondent telegraphs the prizes to be awarded by the Commissioners on Friday next. The grand diplomas of honor have been awarded to Americans.

LONDON, Aug. 16.—Several failures in the Liverpool cotton trade are announced here to-day.

NEW YORK, Aug. 16.—A correspondent writes that one of the events for which it is well to be prepared, is the death of the German Emperor. Apprehensions about his case are not so much from specific attacks of illness, as from various symptoms, insignificant when taken apart, but full of significance when taken together.

The journey to St. Petersburg left, it is said, a bad effect on his constitution. He returned rather tired under a continued round of dissipation, and tedious railroad journeys soon after the Shah arrived. To the physical fatigue incident on the part of the host, added nervous suffering brought on by the recent eccentricities of his guests, it was supposed at one time his illness was feigned, in order to escape further interviews with the "king of kings." After the departure of the Shah, the Emperor retired to Potsdam, where one hot afternoon he suddenly fainted, falling forward on the floor, and only after an hour was brought to consciousness. The Emperor is petulant and vacillating, and has a morbid dread of being alone.

MADRID, Aug. 16.—A British gunboat has arrived at Alicante, with dispatches for the commander of the English fleet.

EASTERN STATES.

The proposition to celebrate the final evacuation by a national festival, has been abandoned, on the ground that Alsace and Lorraine have not been restored.

CANADA.

CHICAGO, Aug. 16.—A Toronto special says the morning papers published the Governor General's written explanation of the *Globe* criticism, and comments at length; though not severely, and arrives at the conclusion that Lord Dufferin has shown himself in his statements singularly considerate of the Ministry, and in consideration of his own peculiar interests in the Canadian people.

On the other hand, the *Mail* contends that he meets several points, pressed on his notice, with great force, and advances arguments that are incontrovertible, in favor of the course adopted.

The *Mail* endeavors to divert the popular indignation at the course pursued, by charging the Opposition with being a disloyal banditti, and insulting to the Crown.

MEXICO.

NEW YORK, Aug. 16.—The *Pall Mall Gazette* says that during the disturbance in Pernambuco, growing out of measures taken by Brazilian Bishops against the Freemasons, a Jesuit college was broken into, and the sacred pictures destroyed, confessionals scattered, and four of the reverend fathers beaten, one of whom died from the blows received. The office of the Bishop's newspaper was entered, and the material thrown out of the windows, and the papers burned.

CALIFORNIA.

SAN FRANCISCO, Aug. 16.—Arrived—Norway, Umatilla; Eureka, Seattle; Prince Alfred, Victoria.

The Seattle Gas Company are steadily advancing in their enterprise. Two buildings are erected, and the pipes will soon be ready to be shipped from Olympia. But what most shows the zeal of the stockholders, is that the first two instalments—$6,000 each—both have been promptly paid up.

The military station at the head of this bay—Port Townsend—has been made the headquarters for all troops on Puget Sound and in Alaska. The station will be put in repair, and will be garrisoned with five companies of infantry. This will add largely to the amount of trade done at Port Townsend.

A Seattle journal of Saturday last writes: We are credibly informed that a party of engineers are to proceed about the first of the ensuing month to survey the line of railroad between this place and the Columbia river. This action speaks well of the energy of the present board of directors.

OUR WEEKLY edition is ready this morning for mailing.

A dream came o'er me as I lay
With head on pillow pressed,
Of such a splendid fitting Coat
And Pants, and such a Vest.
Me thought that as I walked abroad
All eyes on me were cast,
But oh! my dream it passed away
T'was far too bright to last.
But still before my eager gaze
Would come the dream of other days.

One day as I walked out alone,
My mind with sadness fraught
I wondered if in this good town
Such Clothing could be bought;
Just then a friend was passing by
Who saw the sadness in my eye,
So kindly asked me, him to tell
What grief o'er me had cast a spell
I told him of the vision seen,
Said he, go buy of **David Green.**

Cheap Cures for Great Diseases.

HOLLOWAY'S OINTMENT.

OLD SORES AND OLD SKIN DISEASES.

The seeds of these disorders are effectually expelled by this penetrating Ungent, not only from the superficial parts, but from the internal tissues likewise. Any case, even if of 20 years standing, speedily yields to its influence.

BRONCHITIS, DIPTHERIA, SORE THROAT, ASTHMA &C.

Rheumatism, and erysipelas may be overcome by frequently fomenting the affected parts in warm water, drying, and immediately applying this soothing Ointment. The same procedure applies equally well for curing sore throat, diptherria, bronchitis, asthma, tightness of the chest, and pain in the side, which instant treatment alone prevents degenerating the more serious maladies. The Ointment has the same derivative powers over chest complaints as a blister possesses, without causing pain or debility.

HEMORRHOIDS—PILES, AND VESCESSES.

Thousands suffer severely for years from these annoying complaints through false delicacy. Let such purchase a pot of Holloway's Ointment, read the directions which accompany it, act upon them to the letter, and they will, without difficulty, succeed in obliterating every vestige of these harrassing ailments.

ACCIDENTAL INJURIES, INFANTILE AILMENTS

In cuts, bruises, sprains, burns, and scalds, it will be found cooling, sedative and healing. The part effected should be fomented in warm water, dried gently, and the Ointment should be instantly applied. This purifying Ointment may be safely used in all eruptions, chafings and other cutaneous affections to which children are liable.

BAD LEGS, BAD BREASTS, OLD SORES AND ULCERS.

By rubbing the Ointment round the affected parts, it penetrates to the tissues beneath, and exercises a wonderful power on all the blood flowing to, and returning from, the diseased part. The inflammation diminishes, the pain becomes less intolerable, the matter thicker, and a cure is soon effected. In all long standing cases, Hollaway's Pills will thoroughly expel all depraved humors from the body.

GLANDULAR SWELLINGS, STIFF JOINTS

This class of complaint yields without difficulty to the cooling and anti-inflammatory properties of this famed Ointment It should be well rubbed over the affected parts, after due fomentation with warm water. It acts by stimulating the absorbents to increased activity, restraining ulceration, and promoting a free and copious circulation in the parts affected, and hence speedily and effectually ensuring a cure.

GOUT, RHEUMATISM AND PARALYSIS.

Gout and Rheumatism arise from inflammation in the parts affected,—to effect a permanent cure, adopt a cooling diet, drink plenty of water, take six or these famous Pills night and morning, and rub the Ointment most effectually twice a day into the suffering parts, and a cure is certain. The paralytic patient should take about three Pills twice a week, and let the Ointment be well rubbed into the paralyzed limb which will, in a very little time, be greatly benefited—indeed many cures have been affected by this treatment.

ERUPTION ON THE SKIN.

In this class of complaints, no matter the age, the sex, or the place, or under what name, the disease may be classified, it may be cured if this Ointment be well rubbed into the system, and Holloway's Pills taken night and morning to purify the blood.

Both the Ointment and Pills should be used in the following cases:—

Bad Legs	Fistulas
Bad Breasts	Gout
Burns	Glandular Swellings
Bunions	Lumbago
Bite of Moschitoes and Sand-Flies.	Piles
Coco-bay	Rheumatism
Chiego-foot	Scalds
Chilblains	Sore Nipples
Chapped Hands	Sore-throats
Corns (Soft)	Skin-diseases
Cancers	Scurvy
